The Wall Group of Companies

The Wall Group of Companies is built on a legacy of lasting success. With more than 40 years of experience in the creation of residential and mixed-use properties throughout Greater Vancouver, it's earned a stellar reputation as a reliable, forward-thinking company.

Vancouver Landmark

Designed to meet LEED* Silver standards, Strathcona Village was conceived by GBL Architects, an award-winning firm known for its sustainable practices and a proud member of the Canada Green Building Council. Seeking an aesthetic to fit in with Strathcona's heritage, GBL looked to the Port of Vancouver as inspiration. The bold colours and forms of the harbour's cranes and container docks are evident in the project's design, which gives a nod to stacked shipping containers.
